

AMCHAM Monthly Luncheon

You are cordially invited to our September luncheon where our speaker will be Mr. Jouni Anttonen, Team Leader, FM-International Oy FINNMAP.

Since 2000, Mr. Anttonen and FINNMAP have been providing technical advice to the Cambodian Ministry of Land Management, Urban Planning and Construction (MLMUPC) on the development and implementation of the Cambodian Land Administration system. This MLMUPC program, with support from FINNMAP, GTZ and CIDA, has so far resulted in over 1.3 million new land titles being delivered to land holders, among other achievements. Mr. Anttonen holds M.Sc. from the Department of Surveying at Helsinki University of Technology, Finland, having made his thesis on the land management and land tenure issues of developing countries. Before accepting the current long-term assignment in Cambodia, Mr. Anttonen worked in modern cadastral and land surveying, digital mapping, GIS, land use planning and infrastructure planning in the private and public sectors, both in Finland and overseas.

Bring your questions about land titling!
